## What is a College Credit Plus?

College Credit Plus (CCP) is Ohio's dual enrollment program that provides students in grades 7-12 the opportunity to earn college and high school credits at the same time by taking courses from Ohio colleges or universities. The purpose of this program is to enhance students' career readiness and postsecondary success, while providing a wide variety of options to college-ready students, **at no or limited costs to students and families.**

## What is a College Credit Plus at MTC?

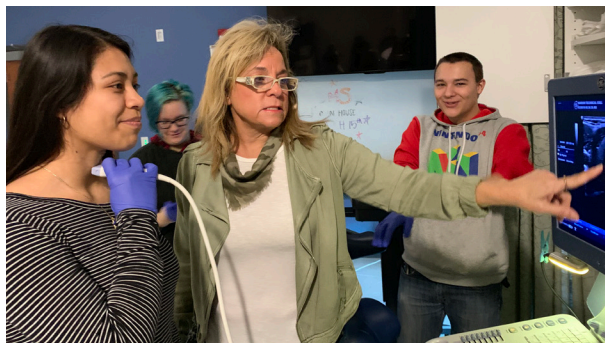

Marion Technical College (MTC) is proud to partner with more than 30 area schools to give students the opportunity to participate in the CCP program. **Qualified students in grades 7-12 can begin a pathway toward their educational goal by earning college credit through the CCP program at Marion Technical College.**

Students can use one of the pathways as a guide, or create their own unique pathway with the guidance of an advisor. Students in the CCP/GPS program at MTC can save time and money by earning transferable credit toward both their high school and college degree, for free!

Credits earned in the CCP/GPS program may be used at MTC, or for transfer to another college or university. Most courses students take under the CCP/GPS program are part of Ohio's Transfer to Degree Guarantee and are guaranteed to transfer to any Ohio public college.

From L to R: Amanda Sivey, GPS Program Coordinator & Ellie Hess, GPS Assistant Director

## What are some of the benefits of Pathway Degrees and Certificates?

Students in the CCP/GPS program can select from a wide range of courses. Some of the benefits of taking college coursework in the CCP/GPS program include:

- Earning credit in courses not available at their high school, taking more challenging coursework
- Earning credit that counts as high school & college credit
- Exploring college majors and career options.

There is even the option for students to complete a certificate or an associate degree at MTC through the CCP/GPS program.

Students can earn a degree or a certificate prior to High School graduation or earn meaningful credits to transfer in the following areas:

- Health
- Business
- Information Technology (IT)
- Engineering
- Criminal Justice
- Arts & Sciences

## What are the requirements?

*(To maintain eligibility, students must)*

1. You must be formally enrolled in school (grades 7-12), including a public high school, private high school or home school. This includes students attending remote or "E" schools.
2. Attend College Credit Plus (CCP) Information Session at your school or on campus and inform your school you plan to participate in CCP by the State mandated deadline. You may select to attend under option A (college credit only/self-pay) or Option B (dual credit and at State expense). Discuss these options with your school counselor.
3. Apply for admission completing an online application at <https://www.mtc.edu/apply>
4. Submit your most recent official grade transcript to the Office of Admission.
5. Submit standardized test scores. These scores are used to indicate college readiness. Most common options include the Accuplacer, and ACT. Test scores provided on the school transcript or your official score report are acceptable.

If you score college ready, you are likely eligible for CCP Admission at MTC. Additional test scores or courses may be required to meet prerequisites for some college courses.

### Complete the following steps by the CCP application deadlines:

May 1<sup>st</sup> for Fall Semester

November 1<sup>st</sup> for Spring Semester

April 1<sup>st</sup> for Summer Semester
