

Workplace Training System for Ridgedale Local School District

Product Description:

The Workplace Training System gives you the ability to send out training modules directly to your staff and employees through the Bonefish account your district is currently utilizing. You can send training modules to everyone on staff or specifically by position code. Each module will include educational content to train your staff, and a report that allows you to track module completion.

Annual Total Subscription Amount:

\$1,300

Bonefish Workplace Training Subscription ?

Bonefish Workplace Training Costs:

- \$1,000 annual subscription
- \$3 per employee
- Number of employees based on the average amount of employees paid in the last 12 months

Your subscription provides you with unlimited access to all available training modules. You can also work with your Bonefish Account manager if you would like to have additional training modules developed.

Average employees on payroll = 100

Annual total subscription amount = (100 X \$3) + \$1000 = \$1300
