

Authentic, Relevant, Engaging

Call for World Language Instruction

The Ridgedale Local Schools has a need for virtual language instruction. In order to meet the needs of students, we will offer a variety of options that provide students with high-quality teaching and content with *possibilities* in the following scope: Spanish, French, German, Latin, Arabic, Portuguese, Japanese, Chinese, ASL, Calculus, Chemistry, and Elementary and Exploratory Languages.

Conceptual Agreement

The World of Learning Institute (WOL), will provide Ridgedale Local Schools with instruction in Spanish and other languages as needed, in an online format. Working closely with the leadership team at Ridgedale Local Schools, the WOL Institute will provide a customized and flexible format for instruction using synchronous, face-to-face online instruction and asynchronous content to acquire learning that aligns with the goals of Ridgedale Local Schools in the target language. We will work with Ridgedale Local Schools to focus on growing the capacity of its program to ensure optimal educational opportunities for its students.

Objectives

Learners at Ridgedale Local Schools:

- Will receive high-quality World Language instruction in a virtual format, with the possibility of expanding offerings to students in other languages as needed.
- Embrace the challenges of the traditional classroom and promote a growth mindset.

Value Added

Learners of Ridgedale Local Schools, through the use of virtual learning tools, will have both live and asynchronous instruction that facilitates the competent acquisition of learning to:

- Create an authentic learning community for World Language learning
- Instill student ownership of learning through customization, flexibility, and a variety of opportunities to demonstrate competency in the target language
- Create opportunities for staff to expand their competency in virtual instruction

Measures of Success

Progress toward the district goals will be measured by:

- Accommodating live instruction schedules in times that work within the daily schedule
- Students will successfully complete and demonstrate competency in the target language
- Successful evaluations of IU8 Learning Facilitators and Program Administrators
- Evidence of learning as seen through informal/formal observations of staff

Authentic, Relevant, Engaging

Joint Accountability

World of Learning Institute (IU08) agrees to:

- Offer appropriate online, face -to- face, and asynchronous learning aligned with ACTFL and other appropriate standards.
- Provide timely communication around assignments, instruction, and grading.
- Share successes and concerns with Ridgedale Local Schools facilitators and the administrative team.
- Fully include Ridgedale Local Schools as partners in developing, implementing and sustaining a high-quality learning program.

Ridgedale Local Schools agrees to:

- Provide reasonable access to appropriate individuals within the district to facilitate the technology and instructional environment for students
- Appropriate technology and support for students
- Work with World of Learning Institute in scheduling, relevant training, and consultation

OPTIONS

World of Learning Institute will lead, facilitate, and manage World Language Instruction through synchronous and asynchronous online learning through the IU8 World Language curriculum and platform. Students will begin instruction at the start of the 2022-2023 school year with the possibility of earning a full-credit or half-credit based on need.

Instruction Proposed (beginning _____, adjusted as needed):

- Live Instruction 1x, 2x or 3x a week for 50 minutes
- Seats for approximately ____ students in all requested languages
- Support for the district facilitator and other Ridgedale Local Schools staff

Service	Sessions/week	Cost	Enrollments*	Total
