Relationships Under Construction (RUC)

Ohio Adolescent Health Centers (OAHC)

Site Agreement

The undersigned school/organization agrees to partner with *Relationships Under Construction*, RUC, and the **Ohio Adolescent Health Centers** (OAHC) to provide program services for the 2026 through 2031 school year. This agreement can be nullified at any time by either party.

The authorized administrator understands ***Relationships Under Construction*** is providing healthy relationship education and teen dating violence education using ***Relationships Under Construction*** (five sessions per grade level) and ***Constructing Safe Relationships Social Health*** (five sessions per grade level) curriculum. Both curricula are evidence based multi-session programs that are especially effective with vulnerable in-risk youth and at-risk youth. The curricula are offered for fifth through high school grades to teach relationships skills and successful life sequencing. All curricula are evidence-based, medically-accurate, age-appropriate, and approved by the Ohio Department of Health.

Both the school/organization and RUC agree that the use of ***Relationships Under Construction and Constructing Safe Relationships*** curricula or scheduling with RUC does not in any way hold *Relationships Under Construction Inc.* or the *Ohio Adolescent Health Centers Inc.* liable for any legal claims made against the school/organization. These curricula are in line with state law and national health standards and laws and meet the local needs for parents and communities.

Schools under ODH funding are expected to participate in the Health and Human Services (HHS), Family and Youth Services Bureau (FYSB) evaluation. Please check the appropriate box below.

The undersigned school/organization will provide assistance in securing necessary consent from parents for youth to participate in the program as needed. The program will take place at the undersigned school and be available for fifth grade through high school students as scheduled.

PLEASE SIGN IN BLUE INK & Scan in Color (check)

The undersigned school ☐ will participate in the survey, or will ☐ not participate in the survey
